RED LETTER

Hide It in Your Heart

A memory game for the words of Jesus. Thank you for downloading it.

Open the game on a computer

1. Save **hide-it.html** somewhere you will keep it, such as your Documents folder.
2. Double-click it. It opens in your web browser (Chrome, Edge, Firefox or Safari). No internet connection is needed.
3. Bookmark the page, and open it the same way each time with the same browser, so your progress is there.

How to play

- Start with a short saying. Practice it four ways: Read, Fade, First Letters and Build.
- Once all four are done, it joins your review. It comes back tomorrow, then in a few days, then a week, then longer.
- Capitals and punctuation never matter. Old words such as thee, thou, hath and shalt are spelled as written.
- A few minutes a day is plenty. Two grace days a week keep your streak if you miss a day.

Your progress

Progress is saved in your browser on this device and is never sent anywhere. Clearing your browser's site data erases it, and a different browser or device keeps its own separate progress.

Scripture from the King James Version (1769), public domain in the United States. Set in IM Fell English and Literata (SIL Open Font License). For personal and household use; please do not share or resell the file. This is a memory aid for personal devotion and is not a substitute for a church community, pastoral care or professional counseling.
